Memorial of Roger G. Burns, 1937-1994

F. A. Frey, T. L. Grove

For deposit: Bibliography of Roger G. Burns

American Mineralogist, 80, 9-10, 1082-1084.

76. "Shedding Light on the color of gems and minerals" (with B. M. Loeffler), American Scientist, 64, 636-647 (1976).

1980-present: Member, Steering Committee, Mining and Mineral Resources Research Institute at Massachusetts Institute of Technology
Panelist, Deutsche Forschungsgemeinschaft Colloquium, High Pressure Geoscience, Bonn, W. Germany, October 1980.
1981: Member, NASA Planetary Instrument Definition Program, proposal review panel.
Listed in American Men of Science (e.g. 15th ed., p. 804) and Who's Who in America (e.g. 42nd ed., p. 461)
1983: Member, Site-visit proposal review panel of the National Science and Engineering Research Council of Canada

List of Publications (since 1977)

122. “Crystal chemistry of ferrorussian one-layer trioxohedral micas” (with M.D. Dyar), American Mineralogist, 71, 955-965 (1986).

Selected Publications (since 1990)
