CORRECTIONS TO VOLUME II.

No. 1, p. 19, 7th line from bottom, for “follow” read “follows”.
No. 1, p. 19, 7th line from bottom, for “Berolzheimer” read “Berolzheimer”.

No. 2, p. 41, 10th line, for “Scheerer” read “Schairer”.
No. 2, p. 41, 3rd line, for “teallite” read “teallite”.
No. 2, p. 41, 3rd line under second mineral, for “Plylestein” read “Pleysstein”.
No. 2, p. 44, 7th line from bottom, for “wenzelite” read “wentzelite”.

No. 3, p. 47, 14th line, for “existent” read “existent”.
No. 3, p. 47, 14th line from bottom, for “bourninite” read “bournonite”.
No. 3, p. 66, 21st line, for “O’Neill” read “O’Neill”.
No. 3, p. 72, 5th line from bottom, for “penroseite” read “penroseite”.
No. 3, p. 76, 7th line from bottom, for “wenzelite” read “wentzelite”.

No. 4, p. 107, 3rd line from bottom, for “Manganolangbeinite” read “Manganese-langbeinite”.
No. 4, p. 107, 3rd line from bottom, for “Gannett” read “Garnett”.
No. 4, p. 107, 3rd line from bottom, for “sklowdowskite” read “sklodowskite”.

No. 5, p. 135, 1st line, for “75” read “75 cents”.
No. 5, p. 136, 3rd mineral, the name “ramsayite” should be in “.”
No. 5, p. 136, 3rd line under ramsayite, for “Finland” read “Lapland”.

No. 6, p. 168, 3rd line, for “Gannett” read “Garnett”.
No. 6, p. 168, 2nd line from bottom, for “sklowdowskite” read “sklodowskite”.

No. 7, p. 181, 18th line from bottom, for “Therefor” read “Therefore”.
No. 7, p. 184, 8th line, after “$Fe_2SiO_4$” insert “$-Mn_2SiO_4$” from the 10th line.
No. 7, p. 185, 3rd line from bottom, for “anayles” read “analyses”.
No. 7, p. 193, 11th line, for “L.G.” read “E.A.”

No. 8, p. 199, 13th line, for “development” read “development”.
No. 8, p. 218, 7th line, for “abstracter” read “abstractor”.
No. 8, p. 219, 3rd line, for “wood, tin” read “wood-tin”.
No. 8, p. 219, 11th line from bottom, for “class 3” read “class 2”.

No. 9, p. 250, 17th line, for $O_3$ read $O_4$.
No. 9, p. 253, last line, for “Erisito” read “Ertesito”.
No. 10, p. 278, 6th line, for “Fedorov” read “Fedorov”.
No. 10, p. 278, 7th line, for “units” read “units”.
