## THE CRYSTAL STRUCTURE OF STAUROLITE: ERRATA

J. V. SMITH, *Department of the Geophysical Sciences, University of Chicago,  
Chicago, Illinois 60637.*

On p. 1154, it is incorrectly stated that the O(1A)-O(1B) edge of the Al(2) octahedron is not shared with another polyhedron. This is incorrect as may be seen from footnote *f* of Table 3 (p. 1145) and from Figure 3 (p. 1147). The discussion in the first paragraph of p. 1154 should be terminated after the second complete sentence.

I thank L. S. Hollister for pointing out this miserable error.
