Indian Journal of Earth Sciences

A new bi-annual research journal has been brought out by the Indian Society of Earth Sciences, Department of Geology, Presidency College, Calcutta-700012, India. The *Indian Journal of Earth Sciences* has been inaugurated to answer the need of Indian earth scientists for a quick and efficient media for publication, but articles from all over the world, written in English, will be welcome. A. K. Saha is Editor; Associate Editors are A. B. Biswas and D. Hukhopadhyay; the Editorial Advisory Board consists of S. K. Agrawal, D. R. Dasgupta, S. K. Ghosh, L. N. Kailasam, S. Narayanaswami, B. K. Sahu, V. V. Sastry, S. K. Sen, S. Sengupta, R. N. Sukheswala, S. Ray, and M. S. Viswanathaiah. Subscriptions are Rs. 40.00 (India), \$10.00 (U.S.A.), £4.00 (U.K.), all inclusive of postage.

Fundamentals of Cosmic Physics

Gordon and Breach, Science Publishers, Inc., have announced the publication of Volume 1, Numbers 1/2, 1974, of *Fundamentals of Cosmic Physics*, edited by A. G. W. Cameron, Harvard College Observatory, Cambridge, Massachusetts. The journal will publish review articles which, it is hoped, will provide a selective guide to the current literature in the field and yet remain self-contained. General relativity, astronomy and astrophysics, space and planetary

physics, and geophysics are the major areas to be covered. Subscriptions are £5.50 for individuals, 19.00 for libraries (Great Britain); \$17.50/£7.75 individuals, \$49.50/£21.50 libraries, institutions, etc (U.S.A./elsewhere).

Geoscience Canada

The Geological Association of Canada announces the beginning of quarterly publication of a new magazine, *Geoscience Canada*, which will incorporate and replace the *Proceedings*. Editor is G. V. Middleton, McMaster University, Hamilton, Ontario. Editorial policy of the new journal is to publish general-interest articles about the earth sciences in Canada or about developments in the earth sciences outside Canada that are likely to be of interest to Canadians—specifically, articles that (1) summarize and comment on recent progress in some earth-science field; (2) discuss the interaction of earth sciences and Canadian society, geological education, history of Canadian geology, etc; (3) present the results of recent and unpublished research; (4) provide book reviews or conference reports; and (5) comment on or correct errors of fact in published articles (e.g., letters to the editor).

Non-members of the Geological Association of Canada may subscribe by writing to G.A.C. Publications, Business and Economic Service Limited, 111 Peter Street, Toronto 1, Ontario; cost is \$10.00 per year or \$3.00 per copy.
