

NOTICES

American Association for Crystal Growth

The Third National Conference on Crystal Growth sponsored by the American Association for Crystal Growth (AACG III) will be held on July 13–17, 1975, at Stanford University, Palo Alto, California.

For information, contact R. Feigelson, Center for Materials Research, Stanford University, Stanford, California 94305.

Mineralogical Association of Canada

The Geological Association of Canada and the Mineralogical Association of Canada will hold a joint annual meeting in St. John's, Newfoundland, at Memorial University and at the Provincial Arts and Culture Centre, May 19–22, 1974.

Symposia topics include: metallogeny and plate tectonics, offshore geology and geophysics, the eastern margin of the Appalachians, and lowgrade metamorphism. Associated sessions will be held on environmental and engineering geology,

data storage and retrieval, earth science aid to developing countries, and a field meeting of the NATO Advanced Studies Institute from May 23–June 6. 18 field trips are also scheduled, before, during, and after the General meetings.

For information concerning registration and accommodations, write to the Coordinating Committee, GAC/MAC '74, Geology Department, Memorial University of Newfoundland, St. John's, Newfoundland.

Geological Survey of Alabama

The Geological Survey of Alabama announces the recent publication of the following items of interest to our readers:

Report and Map 114, on the economic potential of the mineral resources of Franklin County;

Report and Map 115, on the mineral resources of Perry County;

Map 116, a mineral resources map of Calhoun County;

Circular 81, a comprehensive study of Calhoun County's mineral resources;

Circular 85, "Barite in Alabama."

Each of these items is available for \$1.00 from Publication Sales, Geological Survey of Alabama, P.O. Drawer 0, University, Alabama 35486.

Royal Microscopical Society

MICRO 74, an international exhibition and symposia, will be held July 8–12, 1974, at West Centre Hotel, London. Sessions include electron microscopy and light microscopy in both life and materials science. Final date for submission

of abstracts is April 30, 1974.

For information, write The Administrator, Royal Microscopical Society, Clarendon House, Cornmarket Street, Oxford OX1 3HA, England.

Meetings

April

American Ceramic Society, 76th Annual Meeting and Exposition, Chicago, April 28–May 2.

Royal Society, Presidential Address and Annual General Meeting, April 30, London.

May

American Association for Crystal Growth, May 17, San Diego (*Am. Mineral.* 59, 220).

South African Building Research Congress, 13–17, Durban (*Am. Mineral.* 59, 220).

June

Mineralogical Society, General Meeting, London, June 6.

August

Circum-Pacific Energy and Mineral Resources Confer-

ence, 26–30, Honolulu. For details, see *Am. Mineral.* 59, 219.

Applications of X-Ray Analysis, 22–24, Denver (*Am. Mineral.* 58, 571).

September

IMA, Ninth General Meeting, 12–14 Berlin, 17–18 Regensburg (*Am. Mineral.* 58, 974, and 58, 1119).

International Society for Rock Mechanics, 3rd Congress, 1–7, Denver (*Am. Mineral.* 58, 571).

October

Society of Economic Geologists, International Platinum Symposium, 13–17, Denver (*Am. Mineral.* 58, 974).

Canadian Spectroscopy Symposium, 7–9, Ottawa (*Am. Mineral.* 58, 1119).

Royal Microscopical Society "At Home," Oxford, 3–4. Abstracts due by September 1.
