American Mineralogist, 71, 5-6, 727-733. pp (1) 1-14

Table 1 for deposit

Joseph V. Smith, Gilberto Arroyo, and M. Krick, K.

Structure at 13 K

Low-temperature NaCl-like: Neutron-diffraction study of crystal

AM-86-300
When the extinction curve, 
 endorsed with a, 
 zero weighted reflections are merged with a, 
 
 Data collected at the 
 Harvard lab, 
 neutron reflectometry, 
 k = 4.2, 
 love affair (from arnley, virginia). 
 
 Observed and calculated structure factors (400) only.
