To Alexander H Phillips

Treas. Mineralogical Society of America
Princeton University

Dear Sir

Princeton N. J.

I hereby donate to the Mineralogical Society of America
\$5,000 in bonds of the City & County of

Honolulu Hawaii, paying 5% per annum due 1954

This gift is unconditional, I wish however that the whole or part of it be devoted to the publication of the monthly magazine "The American Mineralogist" which has been conducted on too narrow a margin.

This magazine is the life of the Society - Its perusal is a pleasure to all lovers of minerals

Sincerely Yours
Washington A. Rockling

Witness

Robert B. Gay,
